

Rider Wanted - Do you want Race a P4 250 Historic?

Sponsor Help Wanted - become involved!

Team Goal

To prepare my Yamaha to race at the forthcoming,

South Australian Historic Road Race Championships

to be held at McNamara Park Raceway, Mount Gambier

Practice, Qualifying and Racing on the **29th, 30th, 31st December 2023**

Neil Collins - I am not a rider but an Owner, Builder, Tuner and Spectator - I have been sponsoring fellow Club members to track test and race my historic racing Yamaha's since 1994.

My Yamaha's were not built for just sitting around in my shed and not used in open competition racing. I enjoy the spirit of competition that participating in Historic motorcycle racing provides.

My web page highlights the history of our efforts at **www.htb.com.au/htb10.html**

Mentor Technical Adviser - Since early 2021, a Mentor continues to provide the much-needed technical advice to get the Yamaha to the next level.

Rider - Our Team does not have a dedicated available rider at this point in time, so, if you want to join our Team and Race a P4 250 Historic contact me.

Supporter - Des Collins' help is invaluable to me as he drives me around and is my backup to ensure the Yamaha is ready for each race; without such support I would not be able to participate.

All Our Team members have come together, and the results produced so far seem to be the perfect combination mentoring, rider development and machine preparation.

- Preparation of my Yamaha has commenced

- Racing is expensive

- Advertising space available

- If you can help contact me

Contact - Neil Collins
